

You as a parent/carer and your child have the right to ask the Local Authority to reconsider the IDP if you are, or your child is:

- Dual registered e.g. might attend a pupil referral unit (PRU)
- Looked after by the LA

Then the school is required to refer the case to your LA, rather than decide for itself whether your child has ALN.

Your school might refer your case or your child's case to the LA on particular grounds which might be related to the nature of the child's apparent ALN.

It might be that they receive some advice from a specialist service.

The school will discuss this course of action with you.

In most cases the school will make the referral within 20 school days of being informed that your son/daughter may have ALN.

When making a referral to a Local Authority, the school will inform you and your child that it is doing so.

But - you as a parent/carer and your child have the right to ask the LA to reconsider the IDP if you are unhappy with the plan.

It would be best to discuss this with your child's school.

Contact the head teacher (Mrs Manley) or ALNCO (Mrs Ralph) at
George Street Primary School
in the first instance.

However, if you are still dissatisfied you can contact the LA directly at
